

Arts in Bartlett Framing & Hanging Requirements

Arts in Bartlett is pleased to exhibit your artwork. This is a professional gallery and your work will be exhibited as such. To securely and safely display your work on our hanging system, we require your 2-dimensional artwork to meet these requirements:

- Your name, contact info and image name should be taped to the back of your piece.
- Artwork, frame, mat, and glass must be in excellent shape – not dirty or damaged.
- Oil paintings must be dry.
- Artwork should be your original concept – no copies.
- Paintings or photo prints on canvas may be framed or un-framed. Un-framed canvases must have wrap-around treatments or black side edges.
- Please no faux canvas prints (on banner material).

FRAMING & HANGING REQUIREMENTS:

- All artwork must have wire hanging hardware. Saw-tooth hangers are not compatible with our hanging system.
- Flexible (picture frame) wire must be attached to the back of the frame, not to the backboard of the artwork. (Cautionary note: Some craft store framing fall into this “unacceptable category”. You may have to attach D-rings to the back of the frame and re-string the wire from the D-rings.)
- Wires must be taut, not loose, and secured at a point between 3 inches and 1/3 of the way down from the top of the frame. The wire must not be visible above the top of the frame when hung.
- Twisted wire ends must be wrapped with tape.
- Compliance with the above criteria is required. Non-compliance will result in your artwork not being displayed in the exhibit.
